The current story is not ready to be committed as it's only half done. So let's **stash** the current changes before heading over to the **master** branch to fix the typo.

Check

Next →

Check stash

Terminal 1

+

sarah \$ cd story-blog/  
sarah (story/frogs-and-ox)\$ git add .  
sarah (story/frogs-and-ox)\$ git stash  
Saved working directory and index state WIP on frogs-and-ox: 21e37a4 Added the lion and mouse story  
sarah (story/frogs-and-ox)\$

Checkout master branch and fix the typo in the title of the **lion-and-mouse.txt**. Commit the changes with the message **Fixed title error**

The title has the incorrect spelling of **LIOOH** instead of **LION**
